2023-24 Season Outlook: We are excited for this upcoming season! This past spring we really elevated our game and played close games against Wisconsin- Whitewater and then won our last five games against Michigan Tech and St. Thomas. I think what made the difference was that our team dynamic improved and we were just having fun on and off the field! Coming into this season majority of the team is coming back and many of them are now in leadership positions. I expect us to be making waves in our conference this season and be a competitive team.
